

Anhang 3

SCHEDULE B - FORM

Enrollment of New Agencies & Designate/Change Primary FME Support Provider

By completing this form and signing below, the Agency agrees that:

- a) it is participating or wishes to participate under the Agreement, and
- b) it designates either Safe Software or the VAR indicated below as its primary FME software support provider.

Where the following words have the following meanings:

- a) **“Agency”** means a Swiss government entity including all federal offices, cantons, cities and municipalities.
- b) **“Agreement”** means the Enterprise License Agreement for FME Software that was signed between Safe Software Inc. and eOperations Schweiz AG and dated January 1, 2025.
- c) **“VAR”** means a value-added reseller that has been authorized by Safe Software to issue FME Software licenses and provide FME Software support and updates to Agencies.

Name of Agency:	
Related Federal Department (if any):	
Organizational Unit within the Agency (if any):	
FME Software support provider (name either Safe Software or a VAR):	
Start Date of Participation:	

Agencies that have previously enrolled and are simply requesting a change to their FME Software support provider can proceed directly to the signature section. Changes to your FME Software support provider will become effective as of January 1st of the next calendar year unless Safe Software has approved extenuating circumstances.

New enrolling Agencies **without** any prior FME Software **or** with FME Software with expired support, please complete Section A only.

New enrolling Agencies **with** prior FME Software that has active support, please list all your prior FME Software in Section B. Optionally, complete Section A to request additional FME licenses.

A) New FME Software Requested: List all **new** FME Software licenses requested at the start of your enrollment period. (Do NOT include any licenses you purchased prior to your enrollment. These should be listed in Section B only.):

Product Name	Description	Quantity
FME Form Fixed	Fixed License	
FME Form Floating	Floating License, includes one Concurrent User	
FME Form Concurrent User	Each additional Concurrent User for a Floating License	
FME Flow	Server License, Includes one Engine	
FME Flow Additional Engine	Each additional Engine for a Server License	

B) Pre-Existing Licenses: List of FME Software licenses ***previously purchased*** by the Agency, which will be included for the purpose of renewing software support under the Agreement (please attach an extra page if necessary):
